

Support our NHS workers

The Workers Party of Britain is proudly supporting the Unison Pay Up Now campaign. Unison is calling on the Scottish Government to reopen the NHS three year pay deal, and to discuss a pay rise for all NHS staff.

"NHS staff have had real term pay cuts over the last decade with significant extra costs over this pandemic. Including extra childcare costs because they are working extra shifts, extra transport costs because of restricted public transport, extra costs because they have been isolating from family, or even extra laundry costs and buying personal PPE."

NHS privatisation

The disastrous policy of opening up the NHS to capitalism has led to shortages of the most important items and services, and huge profiteering for private companies. As workloads have increased, outsourcing and pay restraint has made

"I'm glad I joined the WPB, it has given me inspiration, supportive comrades, a new perspective and education, and the confidence to speak out"

NHS Nurse Georgina (🐦@georgina09641)

life intolerable for nurses and NHS workers.

Cancel student nurse debt

The Workers Party calls on the government to cancel the student debt of nurses. These students have played a heroic role these last few months, and should never have had to pay to learn the skills which benefit our entire society.
